

# How to install Windows Store Application

To use the Sharp unique UI in any Windows Store Application, you need to install additional Windows Store Application.

After installation of v4 printer driver, refer to following steps.

## Windows Store App information

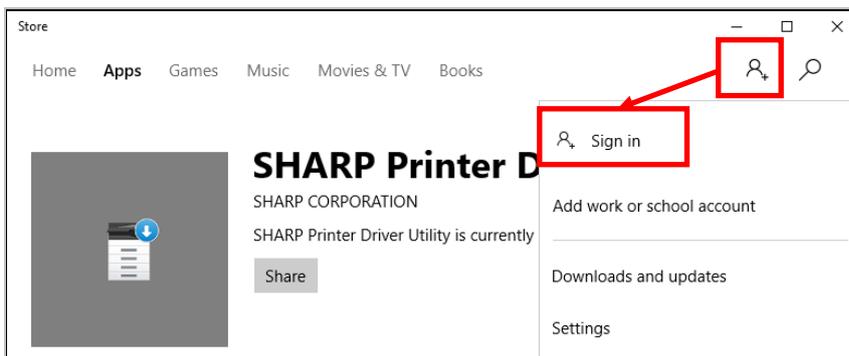

App Name	SHARP Printer Driver Utility
Version	1.0.10.1
Language	English
Support OS	Windows 10
Note	Due to the limitation of the OS, Windows Store Application is supported only Windows 10.

## Step:

Step1: Access to following URL.

<https://www.microsoft.com/store/apps/9p30pw83bfjm>

Step2: Login to Microsoft Account.

Step3: Click [Install] button and Install the application.
