## Unexpected Costs?

Ease the burden with a technology assessment from Sharp

An expense companies didn't see coming is the recent, record-high cost of fuel. Filling your fleet's gas tanks is taking a toll on your P&L and affecting the cost of goods. If you're looking to save money, it's time to get inventive.

Have you considered a technology assessment from Sharp? Our specialists can review your office technology to help uncover money up for grabs, hidden in plain sight.

### 4 Ways Sharp Can Help

Reduce travel cost with video conferencing technology

Automate shipping tickets for more efficient deliveries

Reduce shipping costs by producing print jobs in house

Reveal your total cost of printing and curb excessive printing

**Ask us today how a technology assessment can help offset the rising cost of fuel.**
